

FAITH JOURNEY

Faith To Wrestle With God

" He relied on the word of God which definitely referred to "your offspring". With undaunted faith he looked at the facts, his own body as good as dead (he was practically a hundred years old at the time) and the deadness of Sarah's womb. Yet he refused to allow any distrust of a definite pronouncement of God to make him waver. He drew strength from his faith and remained absolutely convinced that God was able to implement his own promise."

Romans 4:18,19 JBP
